NBIB 2009-05**

**To: All Insurers Transacting Business in New Brunswick**

**Subject: Change in Filing Date for Private Passenger vehicles**

**Date: September 10, 2009**

Due to the late release of the Territorial Data from the General Insurance Statistical Agency (GISA) the Board will extend the filing deadline for private passenger vehicles to September 22, 2009.

This extension is intended to allow sufficient time for automobile insurers to fully review the data prior to making their filing.
